

## Important information regarding the Epson SureLab SL D-700 and Mirage 3

Please make sure that the Epson printer driver\* is installed before connecting the printer in Mirage, seeing as it is necessary to operate Mirage and the D-700.

After the installation, please connect your printer in Mirage. Select **Existing Printer Driver** in the **Mirage Printer Wizard** window

Choose your printer and follow the wizard through the installation. If you have any further questions, please contact your dealer or the Mirage Support at [support@dinax.com](mailto:support@dinax.com)

\*at least 1.0.3 (Mac) oder 1.2.0 (Win)
